I am choosing to opt out of attending Troop Camp Skills training because I am an experienced camper and feel that I have the knowledge and skills to teach my troop and my adult helpers, and to lead my troop in a safe troop camping trip.

I have completed both of the home-study course requirements pertaining to travel and outdoor education and am thoroughly familiar with the material they cover:
☐ Course #401 – Planning Overnight Trips
☐ Course #402 – Outdoor Education Basics

I am competent in the following topics and commit to holding one or more sessions with my troop and adult helpers prior to our camp ing trip to review, practice, and plan:

☐ Review girl readiness
☐ Review clothing selection
☐ Review simple outdoor cooking methods
☐ Review meal planning/prep/storage
☐ Practice meal planning
☐ Review water purification
☐ Review & practice outdoor dishwashing
☐ Review Leave No Trace
☐ Review & practice knots
☐ Review & practice knife safety
☐ Review & practice tents
☐ Review safety and first aid
☐ Review fire building and fire safety
☐ Review equipment selection
