

Invitation Email from Troop Leader

Troop Leaders should not register new girls directly, but instead send an invitation email to encourage families or individuals to join their troop. The recipient gets an email and responds by clicking on the link that then takes them to the *Participation Catalog* to select spots in the troop. This link that Troop Leaders (or those with an active role in *Salesforce* with a *Role Code* of *Troop/Program Leader*) are sending is a special join link which ignores some of the rules set on the *Troop Account* in *Salesforce*. *Display in Catalog* and *# of Spots Remaining* fields are disregarded when using this link. Ensure the troop passes [Location Validation](#) before sending the link to potential members.

NOTE: This functionality is only visible between the Leader's start and end date. Meaning if you have a Leader whose leader role starts in the future, this link option will not be visible until the role start date.

- Log into **myGS** and select the **My Troop** tab.
- If the volunteer has a connection to more than one troop, select the troop they are inviting friends to join.
- At the bottom of the *Member Details* roster, click **Invite friends to join your troop**.

SUBMIT REQUEST

Invitations can only be sent to the same email address once every 24-hour period.

- A confirmation message will appear as *Success! Your invites have been sent.*
 - You can only send an invite to the same email address once within a 24 hour period.

Add another friend

Success! Your invites have been sent.

- Recipient then receives invite email containing the Troop Leader's name, email address and link.
- Recipient clicks **Register Now** button containing a special link to the troop in the *Participation Catalog*.
 - The link is time sensitive and will expire at 6:00AM the following day it was sent.
 - The link is sensitive to how many times it's being clicked and could expire before a registration has been made.
 - The link will no longer work after a registration has been completed.
 - The troop must pass [Location Validation](#) for the link to work.

Hi!

I'm leading Girl Scout LSSIT Troop 222, and we'd love for you to join our group. You can feel confident knowing they'll be supported and valued not just for who they might be tomorrow, but for exactly who they are today.

REGISTER NOW

Questions? Reach out to me at ls02052024@yopmail.com and I'll be happy to answer them.

Thanks,
ADULT Ls02052024

Email copy subject to change.

- Recipient adds girls and/or adults to their cart and continues with registration. If they do not have an account found in the system via their email address, they will be prompted to create one to complete registration.
 - The link allows the recipient to join the troop even if *Display in Catalog* is not checked on the *Troop Account in Salesforce*.
 - If the troop has no open spots available, the household registration limit in one transaction is 1 adult and 3 girls.
